

# Thesis Website Wireframes

Tim Samoff

## Introduction

I have created wireframes for two pages of my thesis presentation website: **Home** and **Portfolio**. The other pages will look similar and possess more or less text than is presented on these two pages. The Contact page will contain a contact form.

Images and descriptions of the wireframes begin on the next page.

**Key:**

1. Thesis title and subtitle
2. Website navigation
3. Thesis “brand” logo/image
4. Link to thesis demonstration
5. Introduction to thesis documentation
6. Supporting artifacts (intros and links to multiple pieces)
7. Footer text/copyright
8. Social media links

**5 Welcome to THESIS**

**6 Prototype 1**
